## WORK EXPERIENCE

### Pennsylvania Enterprise PVT LTD (PENNEP)

Junior Software Developer

Jalandhar, India

Jan 2022 - Jun 2022

- Designed and developed website front-end using HTML, CSS, and Bootstrap framework, resulting in a visually appealing and user-friendly interface.
- Enhanced website performance by implementing responsive design techniques, ensuring optimal user experience across 15+ devices and screen sizes, leading to a 20% increase in mobile engagement and a 15% reduction in bounce rate.

### B.B.N Trading Co.

Sales Executive

Jalandhar, India

Jun 2022 - Present

- Fostered strong relationships with top-tier clients, ensuring 35% growth in business and 20% increase in referrals.
- Precisely managed invoicing, updated sales/acquisition records, and streamlined inventory processes, reducing excess inventory by 25%.

## PROJECTS

### Yelp Camp

- Created a full-stack website targeting travel enthusiasts to easily find camping sites globally.
- Implemented features allowing users to add, delete, edit, and view all campgrounds.
- Currently building features for adding, deleting, and viewing comments, as well as login and signup functionalities.
- Repository of the project available for testing on my [GitHub profile](#).

Tech used: HTML, CSS, Bootstrap, JavaScript, Node.js, MongoDB, Express.js

### E-commerce Responsive Webpage

- Developed a fashion e-commerce landing page using TailwindCSS and HTML 5 to cater to the needs of fashion enthusiasts seeking personalized style recommendations.
- Built a user-friendly interface with a focus on responsive design, ensuring optimal viewing experience across 100+ device types and screen sizes.
- Leveraged TailwindCSS components and custom styling to enhance the aesthetics and usability, leading to a 30% increase in user engagement.
- Conducted thorough testing and debugging to ensure seamless navigation and smooth user experience.
